ACCOMMODATION SERVICE

When you join the Jumpstart Premium Programme a room will be Guaranteed to you.

To rent a room in the UK you will be required to provide various documents to prove you can afford your deposit and that you have a sustainable income for rent. Typically these will include; a work reference, three month's bank statements and a previous landlord's reference from the UK. With the competition for rooms being as high as it is, and if you are not able to provide these documents, you will most likely not be offered the rental.

This can turn out to be a costly exercise which can be avoided by choosing to rent a room through The Working Holiday Club.

Budget shared homes are ideal for couples or professionals, backpackers, groups of friends or even just a two friends travelling together. This is PERFECT if you are travelling on your own!!!

- The houses, rooms and furniture are basic in design and suitable for short to medium term leases.
- In most cases the house mates are between the ages of 18- 25 from Australia and New Zealand. The average person will use this for 2-3 months until they are on their feet and have secured a permanent job.
- Best value for money with the lowest rents available on the market. All mod cons are included (Broadband and Sky or Freeview TV, washing machines, dryers etc...)
- Great way to meet new friends and hook up with travel buddies
- VIP booking for returning guest after you have completed your travel to ensure you always have a room to come back to
- £15 a week discounted rent if you keep your room on your travels.

Your Bank Account

Moving to the UK and opening a bank account can be hard for just about anyone. As an Australian or New Zealand passport holder you can open an account by yourself in the UK, however in most cases you will have to provide supporting documents which could include a proof of address and proof of employment. If you are not able to provide them you could be offered a cash card. A cash card will not allow for electronic transactions.

Your UK Phone

Newcomers to the UK often struggle to secure any kind of product, which involves a credit check. Contract mobiles are of course one of those. Having a contract phone however is much more convenient than PAYG for many reasons. Running out of credit when you need to make an important call or trying to find a place that has your type of network can be frustrating to say the least. As a club member you will be eligible for a contract phone, no credit references or proof of employment required. Speak to our sales team today and find out how to get a contract phone pre departure or once you have arrived in the UK.

Your Money Transfer

Hopefully you will have a nice cash fund saved up that you will need to transfer to the UK. As a club member we will help you get you money to England with your first transaction being free of charge. For those of you who intend to transfer money back, we can help you do this as well saving you tons on the transfer fees.

How many spots are available each year?

The Working Holiday Club is allocated a specific number of jobs from our UK partners each month, we offer positions on a first come first serve basis. We are also able to offer beds/rooms in shared houses for rent. However positions and rooms are limited so it is important that you get in early to secure a spot. Due to the 2012 Olympics the Jumpstart Programme is filling up quickly, so pay a deposit now to avoid disappointment.

When is the best time to book?

As the Jumpstart programme already delivers up to 80% of you planning and preparations for the UK, we recommend that you book this as soon as your overseas working holiday plans are set in motion. For the Jumpstart Premium programme we recommend that you book between 3 to 6 months in advance. However, if you are opting for any of our other programmes (visa services excluded) we can book you with as little as 2 weeks notice. Please note bookings left to the last minute will create difficulties when coordinating your services.

What happens when I pay the \$300 deposit?

Your position with our UK accommodation and employment team will be preliminary booked and you will receive;

- Employment application forms
- Visa application forms
- UK SIM card

Upon receipt of your final payment you will receive your telephone job interview and your visa application will be finalise. When you have received your visa and you have booked your flights your arrival services and accommodation will then be booked.

Cancellation and refunds

- The \$300 deposit is non refundable
- If you are declined for the job guarantee and you wish to cancel the programme you will be eligible for a refund of \$695.
